# The awards

The Tasmanian STEM Young Researcher of the Year Award 2018 (the Award) recognises the achievements of the state's leading young researchers working in the fields of science, technology, engineering and mathematics (STEM) and highlights the importance of innovation in growing Tasmania's community and economy. Supported by the Tasmanian Government, Inspiring Australia, and University of Tasmania, the Award will recognise an individual's academic achievement during the 2017-18 financial year.

The Award provides the finalists with an excellent opportunity to build networks and relationships, and to raise their profile. The Award, consisting of a \$5 000 cheque and trophy, will be presented at the Tasmanian STEM Excellence Awards reception on 14 November 2018.

## Benefits to the winner and nominees

The benefits from participating in the Tasmanian STEM Young Researcher of the Year Award 2018 are numerous.

The awards provide:

- recognition and exposure for participating companies and individuals
- opportunities for networking and forming business and research alliances amongst participants, including other industry representatives, academics and teachers
- a platform for participants to benchmark their products and services
- a 'showcase of success stories' for Tasmanian firms and individuals that are developing innovative STEM research outcomes
- media exposure for products, participating firms and individuals.

# How to apply

To enter the Tasmanian STEM Young Researcher of the Year Award complete this application form and submit it to Sarah Bayne, Manager of Inspiring Australia by:

**5:00 pm Friday, 28 September 2018.**

## Eligibility

Applications are invited from individuals employed and/or undertaking STEM research activities in Tasmania. Individuals from research agencies funded by the Tasmanian Government are eligible whereas those from state government departments are not. Nominees of this award may not apply for the Premier's Tasmanian STEM Researcher of the Year Award in the same year.

Nominees should hold a PhD and must be no more than 35 years of age as at 31 December 2018.

Previous winners of this category are not eligible to apply, but previous applicants are invited to re-apply.

## Judging

Judging panel members will be selected on the basis of their knowledge and expertise in the STEM research development fields.

## Selection criteria

The Award will be presented to a young STEM researcher who has shown excellence in a STEM research area over the 2017-18 financial year. In making its selection, the judging panel will consider the attributes of the proponent, the merit of the proponent's achievements and the potential of their research to positively impact on both the Tasmanian community and economic development.

## Other conditions

As a successful recipient of the Award, you may be requested to serve on the judging panel for that award category in the year following your attainment of the award. You may also be asked by the Tasmanian Government, Inspiring Australia, and University of Tasmania to take part in a limited number of STEM engagement events, such as Science Meets Parliament, Innovation Forums, and student outreach programs if available.

# Submitting an application

Complete the enclosed application form and submit via:

## a) Postal address

The Tasmanian STEM Young Researcher  
of the Year Award 2018  
Attention: Sarah Bayne, Manager – Inspiring Australia  
University of Tasmania  
Private Bay 50  
HOBART TAS 7001

## b) Email

Save the completed PDF and email it, along  
with your Curriculum Vitae (maximum four  
pages) and any other attachments, to  
info@WhySci.org.au

## Enquiries:

Sarah Bayne – Manager, Inspiring Australia  
Phone: (03) 6226 2716  
Email: sarah.bayne@utas.edu.au

## Declaration

In submitting the enclosed application for entry into the Tasmanian STEM Young Researcher of the Year Award 2018, you warrant that,

# Terms and conditions of entry

1. All applications must be received in full by the Manager of Inspiring Australia by the closing date in these guidelines. Late applications will not be accepted.
2. Applicants will be competitively assessed on the basis of their application. The coordinators of the Award or members of the judging panel may contact the applicants to seek further information and/or clarification.
3. Applicants must agree to abide by the decision of the judging panel.
4. Applications and supporting material will not be returned to applicants.
5. All material submitted will be used solely for the purpose of applying for this Award and will not be circulated. No material relating to an Applicant's entry will be publicised without their prior approval.
6. The coordinating committee reserves the right to revoke an Award, re-award an Award or withdraw any application from consideration for the Award if the applicant is in breach of any of these rules.
7. Finalists should use their best endeavours to attend or be represented at the Award ceremony. Attendance by applicants at the presentation ceremony is encouraged.
8. Applicants enter the awards at their own risk and the organiser will not be liable for any loss, damage or expense incurred by the applicant as a result of entering an application in the Awards.
9. Applicants agree to do all things reasonable to participate and/or cooperate with any promotional or media activities conducted by the organisers and sponsors in relation to the Tasmanian STEM Young Researcher of the Year Award 2018.
10. No contractual or other legal relationship shall arise between the members of the judging panels, the organisers, sponsors and any organisation applying for the Awards.
